

UP V/VI Newsletter

"Luceat lux Vestra"

Welcome to our February newsletter. The children have been working very hard in all their lessons this half term.

In our History lessons, during our World War II topic, the pupils have made some brilliant Anderson shelters and they continue to enjoy coding in the ICT suite.

In Geography, the children have been looking at the benefits and disadvantages of dam building. They really enjoyed looking at some of the world's most famous dams and are looking forward to their trip to Armley Mills where they will get to see one and a natural dam too!

Science has been great fun with lots of investigations into the effect of different forces and the properties of materials. The pupils are now extremely competent at writing up their experiments!

Mrs Walton

Reminders

- Armley Mills trip Wednesday 4th March.
- World Book Day Thursday 5th March.
- Parent's Residential Meeting Tuesday 10th March at 6.30pm.
- Visit to the Mosque – Thursday 12th March.

IMPORTANT INFORMATION

Our Year 5 pupils are collecting the following to donate to a homeless charity as part of the Archbishop of York Leader's Award: shampoo; conditioner; shower gel; soap; toothpaste; toothbrushes; flannels.

Quiz Night takes place in March. Letters have gone out. It would be lovely to see all our Junior pupils and their families.

Issue: February 2020

Well done to all the pupils in UPV/VI who continue to support the younger children with their reading.
