Welcome to Lower Prep I/II's Newsletter!

Welcome back! Hope you all had a lovely half term holiday. The children are excited for all the fun and activities planned for the second half of the Spring term!

In Maths lessons, we have been learning about 'Statistics'. The children have worked hard to interpret and create different tables, graphs and charts. I have also been really pleased with the progress that the children are making in their weekly times tables tests – Keep it up!!

In English, we are now studying 'Poetry'. Our lessons are based upon the Poetry book 'It's Behind You', By Paul Cookson and David Harmer. The children are looking forward to creating their own monsters poems and writing poetry.

Reading Challenge!

To improve your child's reading and understanding, please ensure that your child is doing daily reading at home and their reading records are signed. Your child now has a 'Recommended Reading List' at the front of their reading records. Please encourage your child to read one of these books each week. After completing the list, your child will receive an award in Assembly!
