Welcome to Nursery's Newsletter!

Welcome back! We hope you all had a lovely half term holiday and are ready for another exciting half term in Nursery class. This half term the children will be learning all about 'Building and Construction'. We have many exciting ideas planned over the coming weeks!

The children have tried hard this month to recognise their own names; they have had lots of fun joining in with a range of name games. Please continue to practise this at home.

In reading work, the children continue to enjoy our phonic sessions developing their letter and sound knowledge. The children are keen to participate in phonic sound activities and have enjoyed going on a sound hunt to find hidden letter sounds in the classroom. All this phonic work will really help them when they start to read.

During our maths and number time sessions the children have been taking part in a range of activities to develop their number and shape knowledge. The children continue to enjoy activities around our shape topic and have shown a keen interest in drawing shapes and using shape stencils for mark making.

To develop our physical skills this term the children will be using a variety of apparatus in the hall. This will help to support their growing confidence, co-ordination and gross motor skills.

Miss Grimshaw

Reminders & Upcoming events

5th March- World book day- please bring in your favourite story in to share.

16th March- 2.45pm Second hand uniform sale in the school hall.

23rd March- Easter Art Competition all children to join in and all entries to be brought into school.

Please can you bring in a pair of wellies for your child to wear for outdoor play in poor weather. These will be kept in school for playing outside.

Thank You.

Achievements

Well done to all the children in the Nursery for settling back into the routine after the holidays!
